Product Overview

High-Performance Alkaline Power

These AAA alkaline batteries are engineered to provide consistent, long-lasting power for a wide range of household electronics and devices. Operating at a stable 1.5V, they ensure reliable performance for everyday applications, from remote controls to toys. Designed with environmental safety in mind, these batteries are completely free of mercury and cadmium.

Key Performance Metrics

1.5 V
Voltage Output

Technical Specifications

Battery Size	AAA
Voltage	1.5 V
Industry Standards	AM3, LR03

Safety & Compliance

Environmental Compliance

0.0% Mercury • 0.0% Cadmium

Safety Instructions

- Insert correctly according to polarity
- Do not recharge
