## Product Overview

### High-Performance AAA Alkaline Batteries

These AAA alkaline batteries are engineered to provide reliable and long-lasting power for a wide range of digital and electronic devices. With a nominal voltage of 1.5V and an extra long life formulation, they are optimized for high-drain applications. Trusted by major international retailers, these batteries offer consistent performance quality suitable for both consumer and professional use.

Nominal Voltage: 1.5 V

Battery Type: LR03/AM4

## Applications

Recommended Applications: Toys, Remote Controls, Digital Cameras, Flashlights

## Market Presence

### Trusted By Global Retailers

- Lidl
- Rewe
- Rossmann
- Aldi
- Metro
- Philips
- Tesco
- Carrefour
- Biltema
