

Abrasive Blasting Gun with Siphon Feed

This sand blasting gun is designed for efficient abrasive blasting. It is ideal for removing rust, paint, and other surface contaminants.

Product Overview

Professional Abrasive Blasting Utility

This siphon-feed abrasive blasting gun is engineered for efficient surface preparation, making it ideal for removing rust, paint, and contaminants. Featuring a durable construction with an ergonomic grip, it provides consistent performance for demanding industrial tasks. The system utilizes a reliable siphon feed mechanism to ensure a continuous and precise flow of abrasive media.

Technical Specifications

Nozzle Tip Diameter	2 mm
Air Inlet Connection	1/4" NPT or 1/4" BSP
Siphon Hose Length	1.3 m

Logistics

Packaging Dimensions	68.5 x 31.5 x 26 cm
Units per Carton	10
