Product Overview

High-Performance Cutting Solution

This abrasive cut-off saw is engineered for demanding cutting applications across construction, demolition, and road maintenance sectors. It features a powerful engine designed for the efficient cutting of concrete, asphalt, and other tough materials. Built with a robust frame and a durable cutting wheel, this tool ensures long-lasting performance, precise results, and enhanced safety for professional operators.

Technical Specifications

Rated Speed

4700 RPM
RPM

Model Designation	400DX
Blade Dimensions (T x H)	4T x 50H

Applications

Primary Industries

Construction • Demolition • Road Maintenance

Suitable Materials	Concrete, Asphalt
