

Abrasive Cut-off Saw

This cut-off saw is designed for making precise cuts. It can be used on a variety of materials.

Product Overview

High-Performance Abrasive Cut-off Saw

This professional-grade mitre saw is engineered for precision and durability in demanding workshop environments. Featuring a powerful 1350W copper wire induction motor and a robust aluminum base, it delivers stable and efficient cutting performance. With CE and FCC approvals, this tool ensures compliance with international safety standards for reliable B2B sourcing.

Core Performance

Performance Highlights

1350 W

Rated Power

6000 rpm

No Load Speed

255 mm

Blade Diameter

Technical Specifications

Electrical Requirements

| Parameter | Value |
|------------|-----------------------------|
| Voltage | 110V / 220-240V |
| Frequency | 50/60Hz |
| Motor Type | Copper wire induction motor |

Cutting Capacity

Maximum Cutting Capacity

| Angle | Dimensions (H x W) |
|-----------|--------------------|
| 0 Degree | 80 x 90 mm |
| 45 Degree | 80 x 80 mm |

Physical Attributes

| | |
|-----------------|----------|
| Blade Bore Size | 25.4 mm |
| Base Material | Aluminum |

Compliance & Features

| | |
|-----------------|---|
| Certifications | CE Approved, FCC Approved |
| Dust Management | Integrated dust bag to keep work area clean |

Packaging & Accessories

Included in Package

- 1 pair Carbon brushes
- 1 pc Dust Bag
- 1 pc Wrench
- 1 pc User manual

Packaging Method

Packed by carton box
