Product Overview

High-Performance Abrasive Cut-Off Wheel

This abrasive cut-off wheel is engineered for professional metalworking, construction, and maintenance applications. Featuring a reinforced construction, it offers exceptional durability and stability during high-speed operation. The wheel is designed for efficient material removal and secure mounting, making it an ideal choice for demanding cutting tasks.

Technical Specifications

Compatible Materials

- Metal
- Concrete
- Hard materials

Key Features

Reinforced Construction • High-Speed Compatible • Secure Mounting

Primary Applications

Metalworking, Construction, Maintenance
