

Abrasive Cutting Wheel for Angle Grinders

Abrasive cutting wheels designed for use with angle grinders. They are available in 100mm, 125mm, and 150mm sizes and have a maximum operating speed of 3800 RPM.

Product Overview

Professional Abrasive Cutting Solutions

These abrasive cutting wheels are engineered for high-performance cutting tasks when paired with angle grinders. Designed for durability and consistent results, they are available in multiple diameter options to suit various operational requirements. Each wheel is built to maintain structural integrity at high rotational speeds, ensuring reliable performance in demanding environments.

Technical Specifications

Available Diameters

- 100mm
- 125mm
- 150mm
- 180mm

Product Code	A30Q4BF
Maximum Operating Speed	3800 RPM
Example Dimensions (Diameter x Thickness x Bore)	180 x 6 x 22 mm

Compliance & Origin

Country of Origin	China
