Product Overview

Professional Metalworking Grinding Wheels

These high-performance abrasive grinding wheels are engineered specifically for demanding metalworking applications. Designed for durability and precision, they offer consistent material removal rates while adhering to strict international safety standards. Each wheel is optimized for use with standard angle grinders, ensuring reliable performance for industrial and professional fabrication tasks.

Technical Specifications

Wheel Type

T27

Safety & Compliance

EN 12413, ANSI B7.1, OSHA, AS 1788.2.1987

Max Operating Speed

80 m/s

Pack Size

5 PCS

Available Models

Dimensions & Speed Ratings

Part Number	Dimensions (mm)	Max RPM
691027	150 x 6.0 x 22.2	10200
691028	180 x 6.0 x 22.2	8500
691030	230 x 6.0 x 22.2	6600
