

Abrasive Sanding Discs for Sanders

Abrasive sanding discs are designed for use with power sanders. The discs feature a uniform abrasive grit for consistent material removal and a durable backing for extended life.

Product Overview

Professional Abrasive Sanding Discs

These high-performance abrasive sanding discs are engineered for consistent material removal and long-lasting durability. Designed for versatility, they are suitable for a wide range of surfaces including wood, metal, plastic, and painted materials. Their robust backing ensures extended service life, making them an ideal choice for both coarse stock removal and fine finishing applications.

Technical Specifications

Application Range

- Coarse stock removal
- Surface preparation
- Fine finishing

Material Compatibility

Wood, Metal, Plastic, Painted Surfaces

Backing Type

Durable reinforced backing for extended life
