

Abrasive Sandpaper Roll P120 Grit

This abrasive sandpaper roll is ideal for sanding and finishing applications. Its P120 grit provides a balance between material removal and surface refinement on wood, metal, and plastic.

Product Overview

High-Performance Abrasive Sandpaper

This high-quality abrasive paper roll is engineered for efficient material removal and consistent surface finishing. Featuring a durable backing and uniform grit distribution, it is designed to handle demanding sanding tasks with ease. It provides excellent versatility, making it suitable for professional applications on wood, metal, and plastic surfaces.
