Product Overview

Professional SBC Maintenance Tool

This standalone diagnostic tool is designed for the efficient repair and maintenance of the Sensotronic Brake Control (SBC) system in specific vehicle models. It allows technicians to clear internal fault codes, such as C249F, and manage system pressure without the need to replace the entire control module. Compact and easy to use, it serves as a reliable alternative to factory diagnostic testers for brake service tasks.

Technical Specifications

Supported Bosch Part Numbers

- 0 265 960 012
- 0 265 960 013
- 0 265 960 015
- 0 265 960 018
- 0 265 960 019
- 0 265 960 020
- 0 265 960 023
- 0 265 960 025
- 0 265 960 028

Selectable Repair Data Levels

25% • 50% • 70% • 100%

Supported Vehicle Platforms	Mercedes-Benz W211 (E-Class), Mercedes-Benz R230 (SL-Class)

Operational Features

Performance Metrics

10 seconds	140 bar
Repair Time	System Pressure Capacity

Usability

- Plug-and-play via OBDII diagnostic connector
- LED status indicators
- Automatic error memory erasure
- Standalone operation (no PC required)
- Compact and lightweight design

Package Contents

Standard Configuration

Item	Quantity
Main Host Unit	1
OBD-II Connector Cable	1
Instructional CD	1
