

# AC Shaded Pole Motor for Appliances

This shaded pole motor is designed for kitchen appliances. It features a compact design with a visible stator winding and rotor fan, and operates on AC power.

## ADDITIONAL IMAGES

## Product Overview

### Compact Reliability for Kitchen Appliances

This AC shaded pole motor is engineered for efficiency and stable, long-term operation in light-load applications. Its compact design features a robust stator winding and is purpose-built for seamless integration into kitchen appliances such as ovens. The motor provides reliable, low-noise performance while operating without electromagnetic interference, making it an ideal choice for professional equipment manufacturers.

## Technical Specifications

### Common Applications

- Ovens
- Kitchen Appliances
- Small Power Equipment

### Motor Type

AC Shaded Pole

### Impeller Material

PA66+GF20

### Key Operational Features

Low Noise, No EMI, Stable Structure, Light-load Start
