

AC to DC Power Adapter

This Class 2 power unit is designed for indoor use in dry locations only. It accepts an AC input of 120V at 60Hz and provides a DC output of 6.0V at 300mA.

Product Overview

Reliable Power Conversion

This Class 2 power unit is engineered for consistent and safe AC to DC power conversion. Designed specifically for indoor applications in dry environments, it ensures stable performance for your compatible electronic devices. The unit is safety listed and clearly marked with essential operational guidelines to ensure secure usage.

Electrical Specifications

Input Voltage	120 V
Input Frequency	60 Hz
Power Consumption	6 W
Output Voltage	6 V
Output Current	300 mA

Compliance & Safety

Environment

Indoor Use Only • Dry Locations Only

Safety Warnings

- Risk of electrical shock
- For indoor use only
- Dry location use only

Safety Certifications

Class 2, Listed, E246776

Identification

Model Number	SHY280600300UL
Date Code	200602
