

AC to DC Power Converter Adapter

AC/DC adapter designed for converting AC power to DC power. It accepts an input voltage range of AC100-240V at 50/60Hz and provides a 12V 6A output.

Overview

Reliable Power Conversion

This AC to DC power adapter is designed to provide stable and consistent power for your devices. It features a versatile input voltage range, making it suitable for global use. Built for indoor environments, this compact unit ensures efficient power delivery for various electronics requiring a 12V supply.

Electrical Specifications

Key Output Metrics

12 V

Voltage

6 A

Current

Input Voltage Range	100-240V AC
Input Frequency	50/60Hz
Output Voltage	12 V
Output Current	6 A

Compliance & Usage

Recommended Environment

Indoor Use Only

Certifications	CE
Country of Origin	China
