

Acrylic CD/DVD Display Stand

This clear acrylic display stand is designed to showcase CD or DVD cases. It features a square base with rounded corners and a central circular indentation to hold the CD/DVD case securely.

Product Overview

Professional Display Solution

This clear acrylic display stand is expertly designed to showcase CD or DVD cases with clarity and stability. Featuring a square base with rounded corners and four raised circular supports, it ensures your media is held securely while remaining visible from all angles. The transparent material is ideal for retail environments, exhibitions, or organizing personal collections.
