Product Overview

Professional Grade Adjustable Wrench

This 200mm adjustable wrench is precision-engineered from high-strength chrome vanadium steel to ensure maximum durability and longevity. Featuring a laser-etched millimeter scale on the adjustable jaw, it allows for highly accurate fastener sizing in diverse mechanical and plumbing tasks. The design incorporates a convenient handle hole for secure storage or tethering, making it an essential tool for professional work environments.

Technical Specifications

Length	200 mm
Material	Chrome Vanadium Steel
Key Features	Precision-machined jaw, Millimeter scale, Corrosion resistant, Tether-ready handle

Application

Typical Applications

- Mechanical assembly
- Plumbing repair
- General maintenance
- Construction
