

Adjustable Desk Mount for LCD Monitors

This LCD monitor mount features steel and aluminum construction with a C-clamp for secure desk attachment. Height and tilt are adjustable without tools for optimal ergonomics.

Overview

Ergonomic Monitor Mounting Solution

This adjustable desk mount is designed to securely support LCD monitors ranging from 13 to 27 inches. Engineered with durable aluminum and steel, it provides a stable foundation for your workspace while offering versatile adjustment options including height, tilt, and 360-degree rotation. The c-clamp design allows for easy installation on various desk surfaces, making it an ideal choice for both professional office setups and home workstations.
