

# Adjustable Fluid and Air Control Spray Gun

This high-performance spray gun is designed for a variety of coating applications. It features adjustable fluid and air controls for precise material delivery and spray pattern.

## Product Overview

### High-Performance Precision Application

This adjustable spray gun is engineered for versatile fluid and air control, allowing for precise material delivery and custom spray patterns. Designed for professional use, it delivers consistent and uniform coverage while minimizing overspray. It is a durable and reliable tool suitable for a wide range of automotive, industrial, and woodworking coating applications.

## Technical Specifications

### Key Features

- Adjustable fluid control
- Adjustable air control
- Uniform coverage
- Minimal overspray
- High-durability construction

### Primary Applications

Automotive, Industrial, Woodworking
