Overview

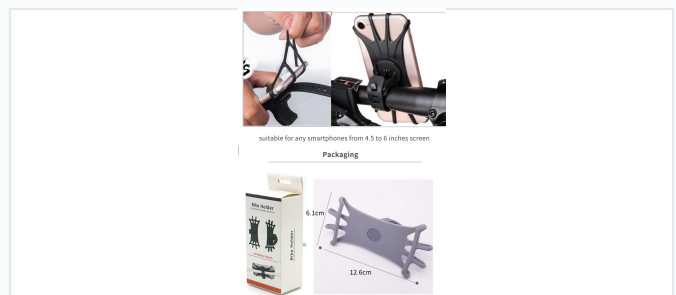

Versatile Handlebar Phone Mount

This adjustable phone holder is designed for bicycles and motorcycles, providing a secure and stable mounting solution for smartphones while riding. Constructed from high-quality, non-toxic, and odorless silicone, it protects devices from vibrations and scratches. The universal design features a stretchable silicone band that accommodates various phone sizes and ensures a firm grip on both the device and the handlebar.

Technical Specifications

Seven-step adjustable base designed to fit various handlebar diameters.

Compact design ensures stability while remaining easy to install.
