## Product Overview

### Efficient and Modern Cooling

This adjustable height DC fan combines a sleek, minimalist design with high-performance cooling capabilities. Engineered with a brushless DC motor, it offers quiet operation and energy efficiency, making it an ideal choice for both home and office environments. With 12 distinct speed settings and oscillating airflow, users can easily customize their comfort levels.

## Performance Specifications

Power Consumption	24 W
Rotation Speed	1050 RPM
Effective Wind Distance	6 meters
Speed Settings	12

## Design & Build

Fan Diameter	9 inch
Materials	ABS, AS
Oscillation	Yes

## Electrical & Connectivity

Cable Specifications	2*0.75 mm2
Cable Length	1.65 m

## Commercial Terms

Minimum Order Quantity	600
Packaging Unit	1x40HQ
