

# Adjustable Height Ergonomic Desk with Manual Crank

This adjustable height desk features a manual crank for smooth height adjustments between 700-1200mm. The ergonomic design allows users to work comfortably at their desired height throughout the day.

## Product Overview

### Ergonomic Manual Crank Desk

This adjustable height desk features a smooth, quiet manual crank system, allowing users to transition seamlessly between sitting and standing positions throughout the workday. Engineered for stability and durability, it supports weights up to 80kg and offers a flexible frame width to accommodate various workspace needs. Designed to promote better posture and productivity, this versatile workstation is an ideal solution for both modern office environments and home study spaces.
