

Adjustable Height Foot Pump Elevator

This foot pump elevator has a maximum load capacity of 350 kg. The platform height is adjustable from 415 mm to 1400 mm using a foot pedal.

Overview

Adjustable Height Foot Pump Elevator

This hydraulic foot-pump elevator is designed for heavy-duty lifting and positioning tasks in industrial environments. With a robust load capacity of 350 kg, it provides a stable and reliable solution for material handling. The adjustable platform height offers versatility, allowing operators to easily position loads between 415 mm and 1400 mm for ergonomic workflow efficiency.
