

Adjustable Height Freestanding Fan

This freestanding electric fan is designed for indoor use. It features a multi-blade propeller enclosed within a protective grill and is mounted on an adjustable-height stand with a weighted base for stability.

Product Overview

Professional Indoor Air Circulation

The adjustable height freestanding fan provides reliable, efficient air circulation for various indoor environments. Designed with a high-performance multi-blade propeller, this unit ensures effective ventilation and cooling performance. Its adjustable height and weighted base offer both versatility and operational stability for professional use.
