

Adjustable Height Oscillating Pedestal Fan

This 16-inch pedestal fan is designed for optimal air circulation in residential and commercial spaces. Its adjustable height allows for customized airflow, while oscillation and multiple speeds offer variable intensity control.

Overview

Adjustable Height Oscillating Pedestal Fan

This 16-inch stand fan is engineered for optimal air circulation in both residential and commercial environments. It features a versatile adjustable height and a wide-range oscillation function to ensure comprehensive cooling coverage. Built with a durable metal grill and a stable base, this fan combines safety, reliability, and ease of assembly for professional-grade performance.

Technical Specifications

Available Colors

White • Red

Blade Diameter

400 mm

Model Number

LF-40C(9J1)

Construction Materials

Plastic, Iron

Performance Metrics

Speed Settings

3 levels

Speed Levels

90 degrees

Oscillation Range

Adjustable Height Range

40 to 50 inches

Logistics & Origin

Place of Origin

Guangdong, China
