

Adjustable Height Pedestal Fan

This adjustable height pedestal fan provides cooling and ventilation. The fan features a multi-blade design enclosed within a protective grill and a control panel for speed and oscillation adjustments.

Product Overview

Professional Cooling Solution

This adjustable height pedestal fan is designed to provide efficient cooling and ventilation for both residential and office environments. Featuring a robust multi-blade design encased within a protective safety grill, it ensures reliable performance and user safety. The integrated control panel on the central pole offers convenient access to speed and oscillation settings, making it a versatile choice for maintaining comfort in various spaces.

Technical Specifications

Construction Features

- Multi-blade design for airflow efficiency
- Protective safety grill
- Central pole control interface
- Circular stable base

Design Type	Standing Pedestal Fan
Adjustability	Adjustable Height, Oscillation Control, Variable Speed
