

# Adjustable Height Pedestal Fan

This stand fan features a three-blade design enclosed within a circular safety grill. The fan head includes a control panel for speed and oscillation settings, providing versatile airflow options.

## Overview

### Professional Air Circulation

This adjustable height pedestal fan is engineered to provide efficient and consistent airflow for various commercial or office environments. Featuring a robust three-blade design protected by a reinforced circular safety grill, the unit ensures both performance and operational safety. With its versatile height adjustment and integrated oscillation controls, it offers flexible cooling solutions tailored to specific room requirements.

## Design and Build

Blade Design	Three-blade system
Safety Standards	Circular safety grill
Base Configuration	Stable cross-shaped base

## Functionality

### Adjustable Features

- Adjustable height pole
- Speed control settings
- Oscillation mode

Control Interface	Integrated head-mounted control panel
