Product Overview

Advanced Air Circulation Technology

This adjustable height pedestal fan is engineered for superior indoor air circulation and comfort. Featuring a high-efficiency brushless motor, it offers stepless speed control and ultra-quiet operation, making it suitable for both active living spaces and bedrooms. With smart connectivity options including app, remote, and voice control, this fan provides a modern, seamless cooling experience for any home.

Performance Metrics

Max Wind Distance

15 m

Wind Reach

Noise Level (High Speed)

59 dB(A)

Technical Features

Motor Technology	Brushless Motor
Speed Control	Stepless
Oscillation	360 degrees

Smart Features

Control Methods	App Control, Remote Control, Voice Control
