

Adjustable Height Pedestal Fan with Three Blades

This electrical fan is designed with an adjustable height stand and a circular fan head. It features three blades enclosed by a wire cage and a control panel for speed and mode adjustments.

Product Overview

High-Efficiency Pedestal Cooling Fan

This adjustable height pedestal fan is engineered for effective indoor air circulation and climate control in professional or commercial environments. Featuring a robust three-blade design enclosed within a protective wire cage, it ensures consistent airflow while maintaining safety. The unit includes a user-friendly control panel on the neck for easy speed and mode adjustments, mounted on a durable chrome pole with a stable base.
