

# Adjustable Height Stand Fan with Multiple Speeds

This stand fan provides cooling through air circulation. It features adjustable height, multiple speed settings, and a safety grill for indoor use.

## Product Overview

### High-Efficiency Adjustable Stand Fan

This versatile stand fan is designed for optimal air circulation, featuring a 16-inch blade diameter with a 5-blade configuration for smooth, consistent airflow. Equipped with a high-performance DC motor, it offers 12 distinct speed settings and a convenient timer function of up to 7.5 hours. The unit includes modern features like a BT remote control, touch-button controls, and an LED indicator, making it a reliable solution for residential or office cooling needs.
