## Product Overview

### Ergonomic Support Solution

This heavy-duty steel footrest is designed to reduce pressure on leg muscles, knees, and ankles during extended periods of sitting. Featuring a robust all-steel construction, it provides reliable stability and support for the user. With 6 adjustable height settings and a non-slip padded surface, it ensures a comfortable and customizable posture for most users.

## Key Features

### Key Features

- 6 adjustable height settings for customized comfort
- Durable all-steel construction for heavy-duty use
