

Adjustable Height Two-Shelf AV Component Wall Mount

This two-shelf wall mount is designed for mounting DVD players, set-top boxes, and other AV components under a TV. It features adjustable height, tempered glass shelves, and a cable management system.

Product Overview

Professional AV Mounting Solution

This adjustable height wall mount features two tempered glass shelves designed to securely hold DVD players, set-top boxes, and other AV components. Constructed with durable aluminum die casting and a built-in cable management system, it offers a clean, organized, and professional look for any media setup. The modular design includes all necessary hardware and a bubble level for straightforward, precise installation.
