

# Adjustable Impact Sprinkler

Sprinklers are suitable for gardens and farms and can also be used for dust removal and temperature reduction. This impact sprinkler features an adjustable head for customizable spray patterns.

## Product Overview

### Professional Impact Sprinkler

This high-performance metal impact sprinkler is engineered for reliable irrigation in agricultural and large-scale landscaping environments. Featuring a robust construction, the unit offers precise control over water distribution via an adjustable spray pattern. Designed for efficiency and durability, it provides consistent performance across a wide coverage area.

## Technical Specifications

Inlet Size	2-1/2 inch
Nozzle Diameter	18.0 x 5.5 mm

## Performance Metrics

### Operating Pressure

**0.4 Mpa**  
Min Pressure

**0.5 Mpa**  
Max Pressure

### Flow Capacity

**7.16 m3/h**  
Min Capacity

**8.27 m3/h**  
Max Capacity

### Spray Radius

**24.97 m**  
Min Radius

**27.89 m**  
Max Radius

Sprinkler Density	6.15 - 6.49 mm/h
