LED recessed spotlights

Model NO.: LBS2457C
Material: Aluminium
Power: 30W
Input voltage: AC220-240V
CCT: 2700K/3000K/4000K/5000K for option
Lumen: 2700lm @3000K @24°
Ra: 80
Beam angle: 15° / 24° / 38° / 60°
LED: Cree
Driver: Engerlobe
Product certification: CE
Product certification: White/Black
Product size: Ø65*H120mm

Light distribution curve

Beam Angle	15°	24°	38°	60°
Beam Diameter (mm)	100	150	250	400
Beam Area (cm²)	785	1767	3927	12566
Beam Length (cm)	10	15	25	40
Beam Volume (cm³)	7850	26543	98175	502654

Overview

High-Performance Adjustable Spotlight

This recessed LED spotlight offers versatile, high-quality illumination suitable for both residential and commercial applications. Featuring a durable aluminum construction, the fixture includes an adjustable head with 350° rotation for precise light direction. With multiple beam angle options and selectable color temperatures, it provides flexible lighting solutions for modern interiors.

Technical Specifications

Luminous Flux

2700 lm
Output

Available Beam Angles

- 15°
- 24°
- 38°
- 60°

Power Consumption	30 W
Input Voltage	AC220-240V
Color Rendering Index (Ra)	80
Color Temperature (CCT)	2700K, 3000K, 4000K, 5000K

Design & Construction

Available Colors

White • Black

Product Dimensions

Ø65H220mm

Adjustability

Up-down moveable and 350° rotation

Components & Standards

Key Components

Component	Brand/Type
LED Source	Cree
Driver	Eaglerise

Certifications

CE, RoHS
