BESTYLE LIGHTING

Model NO.: LBS2457M
Material: Aluminum
Power: 30W
Input voltage: AC220-240V
CCT: 2700K/3000K/4000K/5000K for option
Lumen: 2700 lm@3000K @24°
Ra: 80
Beam angle: 15° / 24° / 38° / 60°
LED: Cree
Driver: Engerlobe
Product certification: CE
Product certification: White/Black
Product size: 465*112*66mm

Overview

Versatile Adjustable Spotlight

This high-performance surface-mounted LED spotlight is engineered for precision lighting in commercial and residential environments. Featuring a durable aluminum construction, the fixture offers flexible directional control with an up-down moveable head and 350-degree rotation. With multiple beam angle options and a wide range of color temperatures, it provides tailored illumination solutions for retail displays, galleries, and modern interiors.

Technical Specifications

Luminous Flux

2700 lm
Output

Power Consumption	30 W
Input Voltage	AC220-240V
Color Rendering Index (Ra)	80

Optical Performance

Available Beam Angles

- 15°
- 24°
- 38°
- 60°

Color Temperature (CCT)	2700K, 3000K, 4000K, 5000K
