

Adjustable Length Projector Mount

This projector mount is constructed from durable aluminum alloy. It features an adjustable length, ranging from 685mm to 1200mm, and is designed for ceiling or wall mounting.

Product Overview

Professional Projector Mounting Solution

This adjustable length projector mount is engineered specifically for short-throw projectors, offering a robust and reliable installation solution. Constructed from high-quality aluminum die casting, it provides a stable support system with a maximum load capacity of 15 kg. The design features a cable-hidden system for a clean, professional aesthetic and includes a universal hardware pack for broad compatibility.
