Product Overview

High-Performance Outdoor Illumination

This adjustable LED floodlight is engineered for versatile outdoor applications, combining a durable aluminium housing with tempered glass for long-lasting reliability. It features advanced COB LED technology and offers extensive control options via an included remote, including adjustable brightness levels, timer settings, and specialized lighting modes like SOS and flash. Designed for security and general area lighting, it provides efficient, high-quality illumination in a compact, weather-resistant package.

Technical Specifications

IP Rating	
IP65	
Power Options	10W, 20W, 30W
Luminous Efficacy	80 lm/W
Color Temperature	4000 K
Color Rendering Index (Ra)	80 Ra
Beam Angle	120 °
Lifespan	25000 hours
Warranty	2 years

Electrical & Connectivity

Input Voltage	AC220-240V, 50Hz
Cable Specification	0.15m H05RN-F 3G1.0mm2

Control & Features

Remote Control Functionality

Feature Category	Options
Brightness Levels	100%, 75%, 50%, 25%
Timer Settings	10s, 30s, 60s, 2m, 5m, 10m, 30m, 1h, 5h, 10h, 24h
