Product Overview

Efficient Irrigation Solution

This adjustable plastic impulse sprinkler is engineered for precise and reliable lawn and garden irrigation. Featuring a versatile 0-360 degree rotary spray pattern, it allows users to customize coverage to meet specific landscaping needs. The durable, weather-resistant construction ensures longevity, while the impulse mechanism promotes even water distribution to minimize waste.

Technical Specifications

Operating Pressure

4 bar

Min Pressure

6 bar

Max Pressure

Spray Pattern

0-360 degree rotary

Material

High-impact, weather-resistant plastic

Features & Compatibility

Key Features

- Adjustable spray pattern and distance
- Impulse mechanism for even distribution
- Spike base for secure ground placement
- Compatible with standard garden hoses

Application

Lawn Irrigation, Garden Maintenance
