

# Adjustable Speed Mini Centrifuge

This mini centrifuge features three adjustable speed settings selectable via a rear knob. It supports a wide voltage range of 100V-240V, making it suitable for use in different regions.

## ADDITIONAL IMAGES

## Product Overview

### Versatile Laboratory Centrifuge

This adjustable mini centrifuge provides high-performance separation capabilities with three user-selectable speeds. It is engineered for wide-range compatibility, featuring support for voltages between 100V and 240V, making it ideal for international laboratory settings. Its compact design saves valuable bench space while delivering reliable results for biochemistry, clinical, and molecular biology applications.

## Technical Specifications

### Selectable Speeds

- 4000
- 7000
- 10000

### Performance Metrics

**4800 xg**  
Maximum RCF

### Power Input

AC100V-240V / 50-60Hz

## Capacity and Accessories

### Rotor Capacity

8 x 1.5ml, 8 x 2.2ml, 2 x 8 x 0.2ml

### Included Adapters

8 x 0.2ml, 8 x 0.5ml

## Physical Attributes

### Design Highlights

Low Noise • Adjustable Knob • Wide Voltage

### Dimensions

44 x 40 x 36 cm

### Gross Weight

6 kg
