

Adjustable Suction Feed Spray Gun with Metal Cup

This suction spray gun is designed for a wide range of applications. It features adjustable fluid and air controls for precise material delivery and spray pattern.

Product Overview

Professional Suction Feed Spray Gun

This professional suction feed spray gun is designed for high transfer efficiency and consistent, stable performance. It is a reliable choice for medium viscosity painting, including middle and prime coatings on cars, machinery, and furniture. Featuring adjustable controls and a durable metal construction, it ensures precision and longevity for demanding work environments.
