

Adjustable Temperature Dry Iron

This dry iron features an adjustable temperature control for selecting the appropriate heat. It also has a safety cut-off feature.

Overview

Reliable Fabric Care

This adjustable temperature dry iron is designed for efficient wrinkle removal across a variety of fabric types. It features a safety cut-off mechanism for enhanced protection and a non-stick soleplate for smooth gliding. The ergonomic design and clear temperature controls make it a practical choice for professional and domestic garment care.

Performance

Performance Metrics

1000 W

Power Rating

240 V

Max Voltage

Technical Specifications

Operating Voltage	220-240V
Safety Features	Safety Cut-Off, Adjustable Temperature

Dimensions & Build

Soleplate Material	Non-stick
Product Size	253 x 108 x 126 mm
Soleplate Dimensions	193 x 105 mm

Logistics & Packaging

Container Loading Capacity

Container Size	Quantity (Units)
20" GP	5400
40" GP	11400
40" HQ	13392

Design

Key Design Elements

- Ergonomic handle for comfortable grip
- Temperature control dial for fabric selection
- White and purple color scheme
- Transparent water tank for level monitoring
