

Adjustable Tilt Flat Panel TV Ceiling Mount 32-55 inch

This ceiling mount is designed for suspending flat panel TVs ranging from 32 to 55 inches. It features an adjustable drop length for optimal viewing height and allows for tilt and swivel adjustments.

Product Overview

Professional Ceiling Mounting Solution

This elegant flat panel TV ceiling mount is designed for versatile installation in both commercial and residential environments where wall mounting is not an option. Supporting screens from 32 to 55 inches and weights up to 20kg, it offers robust steel construction for safety and durability. The mount features extensive adjustment capabilities, including a 360-degree swivel, 90-degree tilt, and adjustable drop length, ensuring the perfect viewing angle in any space.
