

Adjustable Tilt LCD LED TV Wall Mount Bracket

This adjustable TV wall mount bracket is designed for LCD and LED TVs. It features a tilt function for optimal viewing angles and glare reduction.

Product Overview

Professional Grade TV Mounting Solution

This adjustable tilt wall mount is engineered for 32 to 50-inch LCD and LED televisions, offering a secure and flexible mounting solution for professional environments. Constructed from high-gauge cold rolled steel, it ensures durability and a maximum load capacity of 45 kg. The ultra-slim design, combined with angle-free tilt capabilities, allows for optimal viewing angles while maintaining a clean, modern aesthetic.
