

Adjustable Tilt Table Fan with Metal Grill

This table fan provides localized cooling in homes or offices. It features adjustable tilt and a protective metal grill.

Product Overview

Professional Desktop Air Circulation

This adjustable tilt table fan provides efficient localized cooling for both home and office environments. Featuring a robust metal grill for enhanced safety and multiple blades for optimal airflow, this unit is engineered for reliable daily performance. The integrated tilt mechanism allows users to precisely direct the breeze, ensuring comfort in personal workspace settings.
