

Adjustable Tilting TV Wall Mount for 14-42 inch Screens

This TV wall mount is designed for screens ranging from 14 to 42 inches. It tilts up to ± 12 degrees and swivels up to ± 30 degrees at the central pivot point, providing maximum flexibility for the viewer.

Product Overview

Versatile AV Component Mount

This adjustable tilting TV wall mount is designed to accommodate small screens ranging from 14 to 42 inches. It features a robust steel and glass construction with an integrated shelf for AV components, ensuring a clean and organized setup. With flexible tilt and swivel capabilities, this mount allows for optimal viewing angles while effectively reducing glare.
