

Adjustable TV Wall Mount Bracket

This heavy-duty TV wall mount is designed for secure and versatile installation of flat-panel TVs. It is constructed from high-gauge steel and features adjustable viewing angles with tilt and swivel capabilities.

Product Overview

Professional Flat Panel Mounting Solution

This adjustable TV wall mount bracket provides a reliable and flexible solution for secure flat-panel display installation. Engineered from durable 1.0mm SPCC steel with a sleek black powder coating, it ensures long-lasting structural integrity. The mount offers a 15-degree tilt capability for optimal viewing angles and is designed for quick, precise wall mounting with a 55mm depth profile.
