

Adjustable Water Pump Pliers

These water pump pliers are designed for gripping, tightening, and loosening nuts, bolts, pipes, and other irregularly shaped objects. The adjustable jaws allow for versatile applications while the ergonomic handles ensure comfortable grip and reduced hand fatigue.

Product Overview

Professional Versatility

These adjustable water pump pliers are engineered for demanding professional applications, including plumbing, automotive repair, and general maintenance. Designed with adjustable jaws, they offer superior gripping power for nuts, bolts, pipes, and irregularly shaped objects. The ergonomic handle design ensures user comfort and reduced fatigue during extended tasks, while the robust build quality guarantees longevity in harsh working conditions.
