

Adjustable Water Pump Pliers

These water pump pliers feature an adjustable jaw for gripping various sizes of pipes and fasteners. They are suitable for plumbing, automotive, and general repair applications.

Product Overview

Versatile Professional Gripping Solution

These adjustable water pump pliers are engineered for high-leverage performance, making them an essential tool for plumbing, automotive maintenance, and general repair tasks. The adjustable jaw design allows for a secure grip on a wide range of pipe diameters and fasteners with ease. Designed with ergonomic handles, they minimize user fatigue during extended operation, while their durable construction ensures long-term reliability in demanding work environments.
