

Adult Tricycle with Baskets

This tricycle is designed for adults. It features a front basket, a rear wire basket, a comfortable seat with a backrest, and full fenders.

Product Overview

Designed for Stability and Comfort

This adult tricycle is engineered to provide a stable, safe, and comfortable riding experience for recreational use or light daily transport. Featuring a convenient step-through frame design, it ensures effortless access for all riders. With dual cargo storage options and an ergonomic seat with back support, it balances utility and rider comfort perfectly.
