

Adult Tricycle with Rear Passenger Seat and Front Basket

This tricycle is designed for adults and features a step-through frame. It includes a rear seat with a supportive backrest and a front basket for carrying items.

Product Overview

Comfortable Passenger-Ready Tricycle

This adult tricycle features a stable three-wheel design paired with a user-friendly step-through frame, making it ideal for those seeking added balance and security. The inclusion of a dedicated rear passenger seat with armrests ensures comfort for a second rider, while the front basket offers practical storage space. Engineered for reliability, the tricycle includes a sprung seat post and standard drivetrain components for a smooth and intuitive riding experience.
