Overview

High-Efficiency Agricultural Mist Duster

This knapsack-style mist duster and sprayer is engineered for professional agricultural and horticultural applications. Powered by a reliable 2-stroke air-cooled gasoline engine, it delivers consistent performance for effective plant protection and pest control. With multiple tank capacity options and a robust design, it is built to handle the demands of field and orchard operations.

Engine Specifications

Engine Type	Air cooling, 2-stroke, single cylinder gasoline
Engine Model	1E40FP-3Z
Displacement	41.5 cc

Performance

Engine Power

2.13 kw
Power

Carburetor	Float Type
Starting Method	Recoil Starting

Capacity & Design

Available Tank Capacities

- 14L
- 20L
- 26L

Color Options

Red • Orange

Fuel Tank Capacity

1400 ml

Construction Material

PP (Polypropylene)

Logistics

Monthly Supply Capacity

20,000 Sets
